## DETAILED ACTION

### *Information Disclosure Statement*

1. The information disclosure statement (IDS) submitted on 1/29/04 has been considered by the examiner.

### *Claim Rejections - 35 USC § 102*

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1, 10-13 and 15-16 are rejected under 35 U.S.C. 102(e) as being anticipated by Berkebile et al. (US 6,926,295 B2).

Berkebile et al. discloses a control system for operating a movable running board of a vehicle comprising a control module 20 in communication with a drive mechanism 38 for powering the running board in response to a drive signal and position signal based on the hydraulic cylinders status, a memory module, inherently in said control module, which has stored a previously defined positions, such as deployed or retracted, and sensors 44 for deploying or retracting the running board in response to the status of the door being opened or closed, as shown in figures 1-4.

***Allowable Subject Matter***

4. Claims 2-9, 14, and 17-20 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***
